

Add We Act to your Wix Website

1. Click the footer in your Editor.
2. Click + Add and choose Image
3. Upload one of the We Act badges
4. To move the logo to your site's footer, drag it to the bottom of the page (as close to the footer as it goes), and click Move To Footer.
5. Adjust the location, save your changes, and publish your site.

All campaign logos are available in black and white, suitable for print and digital.

You can download all logos [here](#).

Add We Act to your Wordpress Website

1. Navigate to Appearance > Customize tab. Customizer page will open. From there you can edit your website's appearance.
2. Locate Footer tab. Navigate to Footer Styles tab and enable Show Footer Logo option.
3. In Logo Upload block, click on Select image and choose the We Act Logo Image
4. Now click on Save and Publish button to save the changes. As a result, you'll have a custom logo in the footer area.

All campaign logos are available in black and white, suitable for print and digital. You can download all logos [here](#).
